## FIRING RANGE REQUESTED

For Mississippi Sound—To Cover Triangular Restricted Area

The Commanding Officer, Gulf Sector, Southern Coastal Defense has requested a restricted area in Mississippi Sound for use as a surface firing range, covering a triangular area within the following limits:

Beginning at the water's edge, southwest of the water tank on Henderson Point and proceeding in a southwesterly direction 4.7 miles to a point approximately 2.5 miles east of the mouth of Bayou Cadet, thence east 3.8 miles to a point northwest of Pass Marianne, thence in a northerly direction 3.5 miles across Square Handkerchief Shoal to the place of beginning, a plot of which has been posted on the bulletin board at the Postoffice and at the Courthouse of Hancock County.

The range will be in use Monday through Friday of each week between the hours of 8:00 A. M. and 4:00 P. M.

A red danger flag will be displayed from the top of the water tank on Henderson Point where it can be readily seen from all directions by navigation interests.

Protests from the standpoint of navigation should be mailed to the District Engineer, U. S. Engineer Office, Mobile, Alabama, not later than November 17, 1942.

## Armistice Day Program Held at Bay High School; Miss Blaize in Charge

Miss Julia Blaize, head of the History department of Bay High and sponsor for the Junior Class presented the class in an Armistice Day program on Wednesday at the school. The program opened with the singing of America after which members of Girl Scout Troop No. 1 entered. The color bearer was Miss Barbara Ann Trastour with Miss Virginia Seal and Miss Thelma Thomas as color guards. After the presentation of the colors the pledge of allegiance was given. Miss Audrey Lee Biehl read General MacArthur's tribute to the flag. Miss Betty Lee Mitchell gave Edgar Guest's "In or Die." Her charming manner and pleasing voice gave added depth to the poem.

James A. Evans, Jr., president of the junior class in a few well chosen words introduced the speaker, Mrs. C. C. McDonald who made a stirring talk on the significance of the day.

This was followed by the singing of The Star Spangled Banner, the retiring of the colors and the blowing of Taps by the band director G. F. Rooney, with Sam Harwick blowing the echo.

Mrs. McDonald said that this marked 24 years since the armistice which ended World War No. 1, and that for the first time young people know in a personal way what it means for a world to be at war. "Yet," she said "I wonder if you do. Many have not been touched—only a few know its tragedy. For most of the younger generation it is a change, excitement, a sense of importance."

"It is true, Mrs. McDonald said that you have worked well and wholeheartedly in the scrap drive, war savings stamp campaign, but how seriously are you taking all of this. What about your lessons? Do you still think that passing is good enough? What sacrifices are you making? What are you doing without? Are candy and chewing gum necessities? Are you willing to walk to conserve on gasoline? Are you realizing that the starving and wounded deserve our best? Are we willing to make the sacrifice the soldier made when he refused medical attention because some one needed it more. And the hardest part is ahead. War creates more problems than it solves so what of the post war era?"

"The thinking and the talking done in the homes with families today will decide many of these problems. What kind of an Armistice do we want? Revenge or to find a better way? Humility is no sign of weakness but a sign of strength. Graciousness of humility admits mistakes. Some things we must correct in ourselves—selfishness, complacency, thinking we could live alone. Not realizing that we are interdependent. No nation can be complete unto itself."

Mrs. McDonald closed with the quotation "God of Our Fathers, known of old—Lord of our far flung battle line, Beneath whose awful hand we hold Dominion over palm and pine, Lord God of Hosts be with us yet, Lest we forget! Lest we forget!"

## HARRY ZIMMERMAN OF WAVELAND DIES IN NEW ORLEANS

Native of Waveland Dies After Illness Of Several Months

Harry Zimmerman, a native and life long resident of Waveland died in New Orleans on Saturday morning following an illness of several months. However, it was only the last month that his condition became alarming and he was taken to a New Orleans hospital on Tuesday.

Mr. Zimmerman was 64 years old and was the son of the late Mr. and Mrs. Andrew Zimmerman, early residents of Waveland.

He owned and operated a service station for many years and was well known in New Orleans as well as on the coast.

Funeral services were held Sunday afternoon from the Fahey Funeral Home. Religious services were held at the Funeral Home and at St. Claire's Catholic Church where he was a member, the Rev. Father Costello officiating. Interment was in St. Mary's Cemetery, Bay St. Louis.

The masses of beautiful floral offerings attested to the esteem in which he was held.

Mr. Zimmerman leaves his wife, the former Miss Mary Dunn, three daughters, Mrs. Thelma Landry, Postmistress at Waveland, Misses Mary Claire and Margaret Zimmerman, the latter a member of the Waveland School faculty; one son, Harold Zimmerman and five grandchildren all of Waveland. He also leaves two sisters, Mrs. Henry Johnson of Bay St. Louis, Mrs. Laura Wooden of New Orleans; two brothers, John Zimmerman of Gulfport and Joseph Zimmerman of New Orleans.

The Echo extends sincere sympathy to his family.

## DEATH OF MRS. FRANK MANN

Mrs. Annie Mann, age 69, wife of Frank Mann, well known jeweler, died at her home on Touline Street, at 7:45 o'clock P. M., Friday, November 6th, following a long and painful illness.

Private burial was held from Fahey's Funeral Home, with interment in St. John Cemetery, Hope Mausoleum, in New Orleans, on Sunday, November 8th, at 11:00 o'clock A. M.

Mrs. Mann was a native of Pittsfield, Massachusetts, and a resident of New Orleans for twenty years, prior to moving to Bay St. Louis, with her husband in September, 1923. She was an ardent lover of outdoor sports, and a familiar figure, in constant companionship with her husband, fishing in the streams of Hancock County.

## CALLED BACK WHILE HOME ON FURLOUGH

Terrell Manieri who is with the 133rd Engineers at Carabell, Florida and who was enjoying a furlough here with his parents, Mr. and Mrs. Sydney Manieri, was called back to camp before the termination of his two weeks. However Terrell was happy to have enjoyed the several days he spent at home with his family and friends.

## WORKER IN SHIPYARD

MISS ARIZONA TACCONI

Miss Arizona Tacconi, only woman worker in this section, now employed at the Ingalls Shipbuilding Corporation at Pascagoula. She has passed her apprentice welder's test and is now classified and employed as an apprentice welder.

Miss Tacconi, during the past three years was a clerical assistant at the Hancock County WPA Library, and finds her present employment quite a contrast to her quiet life at the library.

## BROTHERS IN SERVICE

CPL. JAMES SCHWALL

PVT. DANIEL MYLES SCHWALL

Mr. and Mrs. Julius Schwall of this city, have two sons in the service of their country.

Corporal James Schwall is a member of Hq. & Hq. Battery, 88th C. A. (AA), and is stationed in the Canal Zone.

Pvt. Daniel Myles Schwall is a member of Co. C, 1st Regt. Bartrucks, 289, O. M., R. T. C. Fort F. E. Warren, Wyoming.

## Regular Monthly Meeting Of N. C. C. W. Held At St. Joseph Academy

The regular monthly meeting of the Bay St. Louis District of the National Council of Catholic Women was held on Wednesday afternoon at St. Joseph Academy with an excellent attendance of members from the four parishes of Gulfport, Long Beach, Pass Christian and Bay St. Louis.

Representing the clergy were Father J. Lilly, of Long Beach and Father A. J. Gmelch of Bay St. Louis. The president's message was read by Mrs. F. J. Fabacher.

Interesting reports of charitable and spiritual works were read by representatives of the four parishes.

Father Lilly of Long Beach answered some questions asked him by members present and gave an interesting and very instructive talk.

Father Gmelch of Bay St. Louis gave an interesting talk on "The Souls in Purgatory."

After the business of the meeting was completed, the ladies were served refreshments by St. Margaret's Daughters.

Mrs. John A. Green, President, presided at the meeting and the newly appointed secretary, Mrs. Louis B. Pate, served for the first time, and afterwards, at the request of the ladies, played two numbers on the piano which were especially enjoyed.

## Tuesday Night's Blackout Success In Hancock County

The State wide blackout for Mississippi, affecting Hancock County, which was ordered by the Army through the Third Fighter Command at New Orleans, went into effect Tuesday night at 9:22 and lasted until 10:10.

The Hancock County Civilian Defense Office and H. Grady Perkins, who is Special District Warning Officer and Coordinator of the control room, reports that the blackout was highly successful in this area, with few minor incidents. These incidents were quickly brought under control by an efficient organization, which functioned very satisfactorily.

"We believe this to be the best blackout of the three Hancock County has had, due principally to the advanced training of Civilian Defense Units, and to the fact that the night was dark. During the two previous blackouts we had bright moonlight, which to some extent detracted from their effectiveness."

## MEMBERS OF LOCAL DRAFT BOARD VISIT CAMP SHELBY

Messrs. Laurent Dickson and Ed. J. Arceneaux, members of the local Selective Service Board, and George Heitzmann, clerk, motored to Camp Shelby on last Thursday, the day on which 66 draftees left Bay St. Louis for camp.

These gentlemen were personally conducted on a tour of inspection of the camp and its facilities by Major Alec G. Asseff, Commander in Charge, Major Monksy, Chief Medical Officer, and Lieutenant H. Glover, and every courtesy was extended them.

They were shown every detail of the procedure which a selective service man undergoes from the moment he arrives at the camp until his leave at the termination of his examination and placement in a unit of the Army.

These members stated that the methods employed in handling a group of selectees from the moment of their arrival in camp and through their entire examinations were the most efficient and speedy possible.

It was stated that the group of selectees which left on November 6th arrived at Camp Shelby about noon and were immediately conducted to the mess hall. There each man selects a tray and silver and proceeds along an aisle and secures a meal composed of the best of food excellently prepared by Army chefs and served in cafeteria style, which permits of the mass feeding of large numbers in very short time.

After dinner, the group proceeded to quarters for their examinations.

The first examination is a mental, or intelligence test, which is known as a "screening classification." After this, the men undergo a thorough physical examination. They are finger-printed, and corporals are named from the groups and placed in charge of squadrons. Groups of men sometimes from one hundred to three hundred are sworn in for service.

When all examinations have been completed and the draftees are sworn in they are given a seven day furlough during which they may visit their homes and arrange their affairs before returning to Camp Shelby and beginning actual service. Transportation for the return trip is arranged at the camp by agents of the transportation companies which convey them to and from the camp.

Messrs. Dickson, Arceneaux and Heitzmann stated they had enjoyed every moment of their trip to Camp Shelby and were high in praise of the excellent system for handling thousands of men which they had been permitted to see. However, they stated that Camp Shelby is so large and there are so many phases of soldier training there that the limited time they had did not permit of their visiting all parts of the camp.

## LIBRARY NOTES

The Library Board is offering for the November review, Mrs. Pauline Dabney of Pass Christian, in a review of that intensely interesting book "Washington is Like That" by Kiplinger.

Mrs. Dabney is no stranger to Bay St. Louis and has given several reviews here and is always a signal for a pleasant hour when she is the reviewer.

Don't forget the time and place Tuesday, November 24 at 3:15 P. M. at the Episcopal Parish House.

Don't be absent and then be sorry. Be on hand.

## Civilian Defense Adds Second Control Center

The Civilian Defense Control center which has been active since the organization of the defense council and the Volunteer Office has now added to its contribution of the defense work by the organization of a second control center.

The control center number one at the fire house is composed of the sub-district warning officer, H. Grady Perkins who reports to the district warning office at New Orleans, Commander Civilian Defense H. L. Kergosien and chiefs of the various departments of Civilian Defense.

This control center is the center of operations during any emergency raid, practice blackout or maneuvers. It is from there that the entire Civilian Defense organization operates. Since during a raid a bomb might fall on the control center, alternates have been selected for each one of the control center staff. Plans are being made for this alternate staff to function at the City Hall and take over in the event that the number one control should be bombed.

## BROTHERS IN COAST GUARD

EDWARD B. RICHARDSON, JR.

MANUEL RICHARD RICHARDSON

Mr. and Mrs. E. B. Richardson are proud parents of two sons in the United States Coast Guard.

Manuel Richardson is a Seaman First Class and is stationed at New York City, N. Y.

Edward B. Richardson, Jr., is also a Seaman First Class and is stationed at Houston, Texas.

## Attends Mississippi Congress Parent-Teacher Meeting at Jackson

Mrs. C. C. McDonald attended a call meeting of the Mississippi Congress of Parents and Teachers in Jackson in October.

The protection of young in wartime, nursery schools and the lunch room project came up for special discussion along with other P. T. A. plans. Miss Bethel Fite was elected special wartime chairman, succeeding Mrs. C. C. McDonald who resigned.

Interpreting the role of P. T. A. under present conditions, Mrs. C. C. Clark, state president, issued this statement: "The role of the P. T. A. in wartime falls under three heads: First maintaining normal community services for children and youth; second making whatever war activities in which children and youth participate contribute to growth in citizenship and character and third maintaining normal family life."

The care of young children through nursery schools becomes an important part of the P. T. A. program as mothers are more and more being called into industry. Education, health, recreation, and other welfare services are necessary for children are actually war measures and are receiving much attention from the government; a fight for these services is just as patriotic as the fight for other necessary war measures. Children and youth must make actual work contributions to the war effort. If we are thinking in terms of victory this participation should be made meaningful and should contribute to growth in citizenship and character.

In addition to her services to "children and youth" Mrs. C. C. Clark is serving on the High School Victory Corps State Advisory committee and is acting as state co-chairman of the Civilian Mobilization Block Plan.

## INJURED IN FALL

L. D. Owens, of Bay Minette, Alabama, is a patient at the King's Daughters Hospital, suffering from a fractured skull and minor injuries as a result of a fall from his ambulance last Saturday on Highway 90 about five miles west of here. Mr. Owens was driving his own ambulance taking Dr. Bryers, a Bay Minette physician, who had undergone an operation at a New Orleans hospital, to his home. With them in the ambulance was Dr. Bryers' daughter, Miss Ellison Bryers who is a graduate nurse. Mr. Owens noticed that the front door of the car was not securely fastened and reached to open and reclose it and was pulled from his seat and thrown to the pavement. Miss Bryers took the wheel and brought the injured man to the hospital and continued to Bay Minette with her father.

## REGISTRATION DATES FOR GASOLINE RATIONING POSTPONED

Rationing of Gasoline Goes Into Effect December Second

The further postponement of registration for gasoline rationing to November 18, 19 and 20 has been announced by Major W. E. Holcomb, State OPA Director.

At the same time it was announced that the effective date of gasoline rationing was changed to December 2.

These changes in dates were made necessary by a delay in printing of forms and books to be used in the registration, it was explained.

The Hancock County Civilian Defense Volunteer Office will conduct the registration and has issued the following information and instructions for registrants.

The places designated for registration throughout the county are as follows:

Bay St. Louis Central High School, Clermont Harbor School, Sellers School, Aaron Academy School, Kiln School, Waveland Town Hall, Logtown Company Store.

On November 18, 19 and 20th all car owners will go to any of the above mentioned places and turn in their application for the basic "A" ration book and at the same time receive, upon request, an application form for supplemental gasoline ration coupons. Application forms may be secured in advance, and are available now at all filling stations and at the office of the Local Rationing Board. These applications may be filled in, in advance, either in ink, or typed, and taken by the applicant to the place of registration on any of the dates set out above.

Applications must be properly filled out and signed by the registered owner, and presented, together with receipt for the payment of privilege tax on his car, and the vehicle described in his receipt and on his application must agree. Serial numbers of tires must be filled in, and it will be the duty of the registrar to determine that the serial numbers on the application are the same as those on the tire inspection record.

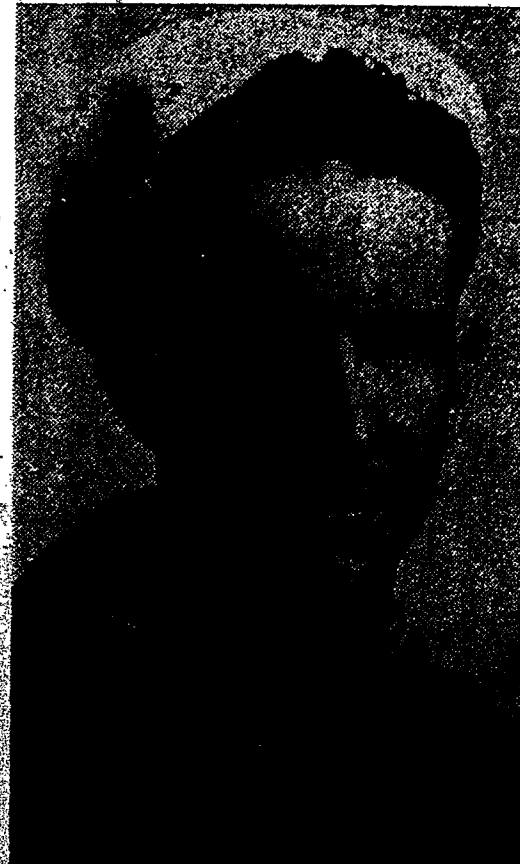

If, upon examination of the application and tire inspection record, it is shown that the applicant has not sold to the government all passenger tires in excess of five, then the application for basic "A" ration is denied.

A basic "A" ration book and "A" sticker will be issued for passenger cars, and "D" gasoline ration book, if vehicle is a motorcycle.

It is the duty of the registrar to tell the applicant that the tires must be inspected before January 31, 1943, and thereafter inspection is required every two months for "B" and "C" bookholders, and every four months for "A" bookholders.

Applicant will be furnished an application for supplemental gas rationing, upon request. He will fill this in, sign it, and mail or deliver it to the local board.

## MISSING IN ACTION

JOHN ROBIN ADAMS

John Robin Adams, son of Mr. and Mrs. W. F. Adams of Pass Christian, has recently been reported missing in the battle of the Solomons. Mr. and Mrs. Adams are joined by their many friends in the hope that their son may be alive and that he may some day in the near future return safely home to them.

Large quantities of last minute scrap metal and rubber are pouring in, as all students work hard to win prizes in the unusual and very active scrap salvage contest. The final date having been advanced to November 14th, will give all students an opportunity to get their scrap in and compete for the prizes offered.

This contest has been a very successful one, and the committee is very well pleased with the results which are far greater than had been anticipated, and which will place Hancock County, as usual, among the leaders in getting things done, especially in important Government activity.

"We have had considerable difficulty in securing trucks to do the hauling," Mr. Al Voight, local chairman, said. "Practically all trucks are being used in defense work, directly or indirectly, making it impossible to get the number of trucks necessary to do the hauling. However, with the help of the city and many of the larger collectors bringing in their collections with their own trucks, we came near getting the job done," said Mr. Voight.

Mr. Voight advises us that to date, 624,000 pounds of scrap metals has been shipped, or is in the process of being shipped, and in addition to the fine showing in collecting scrap rubber some weeks ago, a large amount of rubber has been accumulated again, which is finding its way into the proper channels to help relieve the rubber shortage.

With the scrap metal contest coming to a close, we will soon know the winners are, and the local committee wishes to commend them for their good work, and every boy and girl who has assisted in this successful contest, because every one of them performed a patriotic duty and service to their country which is outstanding.

However, we still have a job to do. The Salvage Committee will keep right on working, and the scrap program will continue until every pound of scrap metal in Hancock County has gone to the mills for our National Defense armament. If you still have scrap metal, or rubber, keep up the good work, and get it in or contact your scrap committee and it will be moved. Will you do it?

## MEETING OF HANCOCK COUNTY SERVICE MENS RECREATION COUNCIL

A meeting of the Hancock County Service Mens Recreation Council was held on Tuesday afternoon at the county courthouse with Mrs. A. F. Fournier, the president, presiding.

The purpose of the meeting was to plan for entertainment of Cadets and enlisted men at Henderson Point. It was decided that they would be entertained at a Christmas dance.

There were present, Mrs. A. F. Fournier, president; Mrs. A. P. Smith, chairman and Mrs. Edouard Carrere, co-chairman dinners and dancing; Mrs. Leo Seal, entertainment chairman; Mrs. Scott Morrill, refreshments.

Besides those were Mesdames Geo. R. Rea, C. C. McDonald, W. W. James and Miss Louise Crawford. The Soldiers' Lounge and recreation center was represented by Mrs. Alma Quintini and Mrs. Margaret Backman.

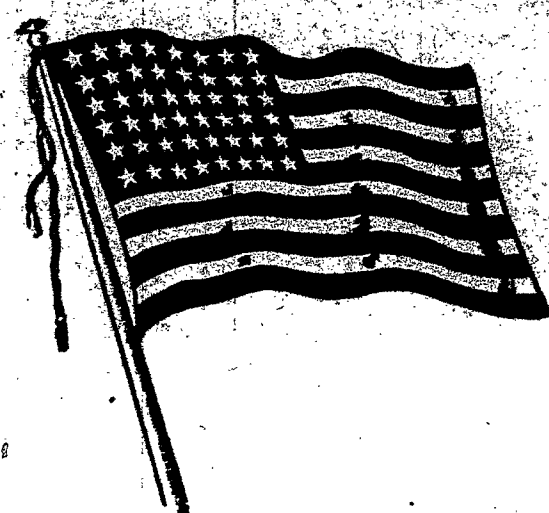

## Enlisted in U. S. Navy

John Scafide, son of the late Mr. and Mrs. Andrew Scafide has enlisted in the U. S. Navy physical education program of which Gene Tunney is in charge and expects to leave Bay St. Louis for Jackson, Miss., on next Saturday or Sunday and from Jackson go to Norfolk, Virginia, for two months indoctrination in the special service for which he volunteered.

Mr. Scafide is a graduate of St. Stanislaus College and Tulane University and a well known football star, having played on the teams of both colleges where he made quite a name for himself and was popularly known as "Baby-Grand Scafide." Mr. Scafide was rated in football circles with All-American players and in 1931, played sensational football in the Rose Bowl in California.

Mrs. Scafide and little daughter, Alice, will remain in Bay St. Louis and reside with Mrs. Scafide's parents, Mr. and Mrs. Leo Balize, Sr., while Mr. Scafide is in service.

### ANDREW J. HIGGINS

WE are, indeed, very happy to see that the War Department has seen fit to award to Andrew J. Higgins, New Orleans shipbuilder, a contract for the construction of 1200 twin engine transport planes. These planes are to be built at Mr. Higgins' plant at Michoud, where he expected to construct 200 Liberty Ships, until the Maritime Commission cancelled his contract, and for what reason the public is yet to know.

The award of the present contract is a repudiation of the actions of the Maritime Commission, if these were based on any ground other than the lack of steel.

Andrew J. Higgins has shown to the Nation the capabilities of the builders of the South. He has blazed a trail in boat building that has to be recognized. This dynamic character does not know the meaning of the word "quit." Many would have given up in disgust, but not this man. He kept plugging away, never to let up, until finally President Roosevelt visited New Orleans; and after an inspection tour and a talk with Mr. Higgins, and further discussions held in Washington with other authorities, the award of the cargo plane contract was made.

We, in Hancock County, are justly proud of the accomplishments of Mr. Higgins, he being a part time resident, owning one of our beautiful beach homes. His success has meant much to our people, having in his employ numbers of people from this section.

We join hands with the people of New Orleans, hoping that his efforts in this new enterprise will astound the Nation, bringing it to the realization that men of the South are thoroughly competent and capable to produce materials and equipment necessary for the war effort, and that this section of the country should not be discriminated against.

May God bless this red blooded, true American, who would not take, no, for an answer. America needs more men of your type.

### THE WRITING ON THE WALL

THE writing on the wall is everywhere now, for anyone to see—regimentation. Regimentation of jobs, of income, of living conditions, of time, thought, and action.

This is one of the demands of total war in seeking the greatest efficiency and production from available man and woman power. How to so gear output that our standard of living at home will remain "American" and our armed forces will be supplied on time with all the unprecedented needs of global warfare, is the problem.

In theory, it is protection through equalization, "temporary" control of individual activity for the country's good in time of emergency.

While our people willingly accept "temporary" restrictions as a necessity of war, the thing to remember is that word "temporary." We must not drift into a mental attitude that will pave the way for permanent regimentation. That isn't the kind of people we are.

What we have, what we are fighting for, is our roots, growing deep into the soil of free enterprise and free thinking, and the privilege of minding our own business. That privilege is what we must go back to, after the war, if freedom as we have known it is to survive in America.

### ALMOST A SCANDALOUS PROCEEDING

THE nation was somewhat surprised this month that nine thousand items of White House correspondence of the Coolidge Administration were placed on the auction market in New York.

Some of the correspondence was confidential, dealing with official matters that are described as "sensational" and other items represented translations of cipher code messages.

At the last minute, some arrangements were made to secure these items for the Library of Congress in Washington, with the stipulation that they be sealed for a number of years. The items covered the correspondence file of Edward T. Clarke, private secretary to President Calvin Coolidge and covered the period from 1923-33.

There seems to be something wrong when the private secretary of a former president of the United States can take, as his private property, copies of correspondence and other official documents. In the present case Mr. Clarke died in 1935 and his widow sold the nine thousand items to Mr. Charles Kohnen, of Washington, who decided to give them to the Library of Congress.

Certainly, the private secretary of a President has no right to sell copies of letters and other items and there is no reason why his widow, or anyone else, should have the right. It is admitted that many "confidential" messages are included in the collection and others refer to confidential information relating to foreign governments.

### WHY GERMAN SABOTEURS CAME

SOME American citizens are wondering why the German saboteurs were landed on the coasts of the United States and what they expected to accomplish.

The answer comes from one of them, testifying for the government in the trial of certain Americans for treason. They are relatives of one of the saboteurs already executed.

This man, Ernst Peter Burger says that destruction of key American aluminum plants was one of their main objectives, together with the crippling of trunk railroads connecting the smelting plants with rolling mills and finishing plants.

Burger says that the saboteurs were especially trained for their work, attending a secret sabotage school near Brandenburg, where they practiced blowing up railroad lines. Moreover, they were given a chance to study a building modeled after American warehouses.

The man who has to buy a War Bond to have a pretty girl kiss him ought to get married.

### Junior Council

Thursday before last, another dance was given for the Service men at the K. C. Hall. Judging by the smiling faces and the "return engagement," Bay St. Louis is a very swell place to visit.

Hallowe'en, the K. C. was so decorated one could almost see goblins and ghosts, and witches beckoning from all the dimly lighted corners and on that night the Cadets at the Merchant Marine Base at Henderson Point were entertained.

Thursday, comes again, but not fast enough to suit all the persons who have such lovely times at these dances, and it is with three cheers we salute those in charge who make it all so pleasant for the boys.

Sunday, onward to Camp Shelby, under Mrs. Quintini's capable direction.

The day was beautiful, but then even rain could not dim the spirits of the girls on their jolly way to Shelby.

A great time was had, as always, and Mrs. Quintini, Mrs. Backman and Mrs. Remplett deserve a gracious thank you for their delightful chaperonage.

## Letters From The Boys In Service

From PFC Emmett J. Niolet, Co. B, S. M. D. T., No. 1, 3rd Platoon, Fitzsimon General Hospital, Denver, Colorado.

Dear Red:  
I have been receiving the Sea Coast Echo, and I assure you that I really enjoy reading it. I am in a different camp now, and would ask that you please change my address and send the paper to me at Denver.

Many thanks,  
Yours truly,  
PFC Emmett J. Niolet.

From Sgt. Wilfred A. Bordages, C Co, 83rd Armd. Ren. Bn., APO 253, c/o Postmaster, Rice, California:

Dear Mr. Favre:  
I wish to acknowledge receiving the Echo each week and to thank you for your kind consideration shown the boys in service. We all enjoy reading the home news so much.

Our desert maneuvers are now over. What next, I don't know. In closing, I wish you all the good luck and health possible.

Your friend,  
Sgt. Wilfred A. Bordages.

From Sgt. W. E. Marquez, 850th School Sqn., S. P. A. F. S. Lubbock, Texas:

Dear Mr. Favre:  
I wish to express my appreciation to you for sending me the Echo. It's just like a letter from all my friends back home.

I really enjoy reading about my friends who are in the service, and of their promotions and also of the splendid work our people are doing at home.

Sincerely yours,  
W. E. Marquez.

From Roy Thomas Ladner, Seaman Second Class, Schools "T" Unit, U. S. Naval Training Station, San Diego, California:

The Sea Coast Echo  
Gentlemen:

It is with sincere and deep appreciation that I wish to express my

gratitude for receiving my home paper through your thoughtfulness. It is indeed good to know what our folks are doing while we are away, and it is an inspiration to greater knowledge and ability to go on and do bigger and better things for the sake of those we love.

Again I wish to express my thanks to you and your editor, and may God grant you every power to keep up your good work.

I am,  
Sincerely yours  
Roy Thomas Ladner.

From Cpl. Claiborne J. Ladner, Co. E, 127th Ordnance, Fort Lewis Motor Base, Fort Lewis, Washington:

Dear Red:  
Just a few lines to thank you for the kind deed that you are doing for the fellows that are in service.

After my transfer from Fort Warren to Camp Halibird, Baltimore, Maryland, I did not receive the Echo for some time. This being due to insufficient information as to the change in my address. Believe me, I really did miss my paper, because it kept me informed as to what's new back home. The Sea Coast Echo is doing much toward making the boys feel better while away from home.

Again let me thank you for the paper and the interest you have taken in the boys that are serving their country here and abroad. You will long be remembered for same.

Wishing you and the family the best of health and success, I am,

Your friend,  
Cpl. Claiborne J. Ladner.

From Pvt. Earl J. Favre, Hqd. & Hqd. Sgd., 33 Service Group, U. S. Army Air Base, Manchester, New Hampshire:

The Sea Coast Echo  
Dear Sirs:

I am writing concerning my paper of October 9th and 16th, which I did not receive, perhaps because of

## IN PACIFIC

PVT. ROBERT C. LEE

Robert C. Lee, son of Mr. and Mrs. Thomas J. Lee of the Caesar Community, is in the United States Army, and at present is located somewhere in the Pacific.

The Red Cross Production Room shipped 103 girls' completed wool skirts, this past week. Material continues to come in and more and more workers are needed for knitting and sewing. Offer your services today. Phone 81.

The surgical dressing room also needs workers. Phone 20 for information.

The Assistants' Staff Corps held its training class at the home of Mrs. Gaston Wednesday afternoon. Mrs. Briscoe Goldman talked on First Aid, Accident Prevention and Water Safety.

Mr. Henry Welch, field representative of the eastern area visited the local Red Cross office Monday.

A Civilian Defense Class in Standard First Aid has just been completed. Mr. Fred Fayard was the instructor. Those completing the course were Jules Bourg, J. A. Cospelich, H. E. Quanis, E. S. Drake, John A. Egloff, Dr. J. A. Evans, J. A. Evans, Jr., Tracy Hendricks, Jr., Roland La Fontaine, C. H. McCormick, Fred McDonald, A. E. Saucier, C. C. Stone, L. J. Taconi, Sr., George Valin.

The membership of the First Aid Class at Aaron Academy have received their First Aid Certificates. Mr. Harlon Frierson was the instructor. Those receiving certificates were Alvale Carbonette, Katie Frierson, Maggie Frierson, Myra Frierson, Edward Thigpen and Gertrude Thigpen.

Mrs. Wilson Moore will start a class in Home Nursing, Monday afternoon at 2 p. m., at the Home Nursing Cottage on Mrs. Briggs grounds. Any one interested contact Civilian Defense office 258, or Mrs. Joe Scharff, Home Nursing Chairman, phone 468 for enrollment.

## STANISLAUS NOTES

By PETE BENVENUTTI

### Band Notes

Official word was received by Brother Romuald, Band Director, that the Mississippi Bandmasters Clinic will be at Hattiesburg. Arrangements have already been made for the selection of the student musicians for the Clinic Band. The committee expects to have a ninety piece symphonic band. There is a possibility that some of the students of the Stanislaus Band and of the Bay High Band will be chosen to play in the Clinic Band. This would be the first time that local students may be represented.

Band rehearsals are being held faithfully every day. The band is progressing right along. Most of the rehearsal time is devoted to perfecting the selections that will be

my being transferred from Normale. Will you please send these issues to me, as I would like very much to get them. Also this week's issue.

Thanking you very much, I am,  
Yours very truly,  
Pvt. Earl J. Favre.

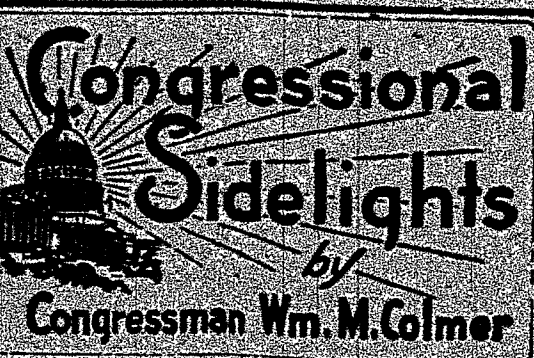

A card from Cpl. Claude Quintini, Co. D, 2nd Bn. 12th Ordnance, N. B. D. Regt., Fort Lewis, Washington:

Dear Red:  
I am now out on the West Coast. I have been promoted to Corporal Technician. Hope all the folks are in the best of health.

I would appreciate very much your sending the Echo to my new address.

Wishing you the best of luck, I am,  
Your Pal,  
Claude.

The students are at the present making a novena to Saint Stanislaus whose feast is celebrated on November 13th. This novena is an annual project of the students and this year as in the past the boys are really doing their part.

Gasoline Rationing

With nation-wide gasoline rationing to begin on December 2nd, OPA Administrator Henderson has announced the following five-point program to "keep America's passenger cars rolling for essential mileage with a minimum use of rubber":

(1) Rationing of used tires and recaps; (2) Actual control of each car's mileage; (3) Compulsory periodic inspection of tires; (4) Denial of gasoline and tire replacements to car-owners who violate the 35-mile limit; and (5) Capacity use, through car-sharing of every car on every trip. As the war continues more stringent rules for saving gas and rubber will doubtless be put into effect from necessity in order to save gas and rubber for the prosecution of the war.

### American Red Cross Activities

Thus far in World War II some 3,000 Red Cross workers have been assigned to the armed forces and have been sent to all of the far-flung battlefronts. Each week a group of 50 to 100 men and women is being trained in Washington before being sent on field assignments. The work which the American Red Cross has done and is doing to alleviate suffering is unequalled. For instance, during the past twelve months some 400,000 American soldiers have received aid and counsel from Red Cross workers in some 56 of the large Army Camps over 70 hospital recreation buildings have been staffed and operated by the Red Cross; twenty-eight recreation centers have been established in more than a dozen locations where American troops are stationed overseas; almost 500,000 pints of blood given by volunteer donors were delivered to the Army and Navy through the Red Cross by mid-year; more than 8,000 Red Cross nurses were inducted into the Army and Navy during the first six months of this year; the Volunteer Nurses' Aid Corps grew from 364 nurses aides on December 7th to 30,000 nurses aides enrolled in some 650 chapters by July 1st; more than 2,250,000 American women enrolled in one or more of the several branches of the Red Cross Volunteer Special Services; the Production Corps has turned out more than 71,000,000 surgical dressings and 6,500,000 garments since Pearl Harbor; some 10,000,000 surgical dressings, made by volunteers in Red Cross work rooms, have been sent to Russia for soldiers wounded at Stalingrad and in other areas; and a half million pounds of powdered whole milk has been shipped to Russian war orphans; large quantities of food, clothing, medical supplies and other necessities have been sent to Polish refugees.

This, indeed, is badly needed and gratefully received assistance.

**Purchase of War Bonds**  
The Treasury Department, with the wholehearted cooperation of government personnel and other citizens who are in position to assist, is continuing to keep before the American people the necessity for their continued and increased purchase of War Bonds to assist in paying the untold cost of this war.

Secretary of the Treasury Morgenthau reports that at the end of September a total of \$9,000,000,000 War Bonds had been sold and that only 1.5 percent (some \$152,000,000) of them had been redeemed. He set the War Bond quota for November at \$800,000,000. In setting this quota for the current month he reported that more money was raised in October than had ever been raised by any Government in any comparable period of time. Sale of war bonds, together with other government bonds and notes, totalled \$6,836,000,000.

Millions of Americans who for various reasons are unable to participate actively in our war effort are responding to this urgent plea of their government and contributing generously in their purchase of war bonds. Such contributions are both essential and effective.

rendered at the first public concert which is scheduled for December 7, the anniversary of PEARL HARBOR. This concert will be given with a view of boosting the sales of War Bonds and Defense Stamps. The program will consist of selections that will be enjoyed by the public at large. Look for further information in this paper and in the next issue of our school paper, The Rock-A-Chaw.

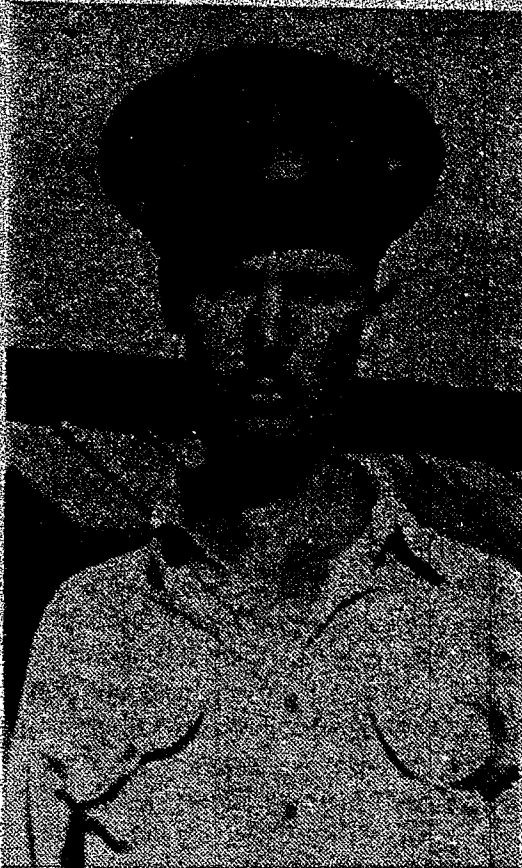

**Sports**  
The Junior Rocks upheld their undefeated season Sunday afternoon when they defeated the Sacred Heart eleven 20-2 in a rough and tumble game at Biloxi.

The Stanislaus Varsity will go to Playame this Friday to renew their annual tilt with Playame. The varsity is determined to bounce back from the Jesuit debacle with a victory this week.

**Sociality Notes**  
Brother Leonard honored the Socialists by giving them a brief talk on the life of Saint Stanislaus, who is the second patron of the Socialists, in last Saturday's meeting.

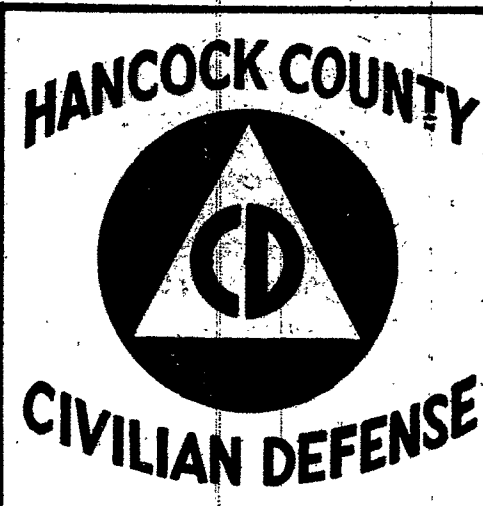

The students are at the present making a novena to Saint Stanislaus whose feast is celebrated on November 13th. This novena is an annual project of the students and this year as in the past the boys are really doing their part.

## IN HAWAII

PVT. HENRY J. THIGPEN

Pvt. Henry J. Thigpen, son of Mr. and Mrs. T. J. Thigpen, of Aaron Academy, is with the United States Army in Hawaii.

### Zone Leaders For Block Plan

Miss Louise Crawford and Mrs. Jos. Scharff have appointed the following women as zone leaders for the block plan the Citizens Service Corps is putting into effect in Bay St. Louis: Mesdames Stella Ward, Roger Boh, Violet Moore, Townsend Wolfe, Sam Piazza, L. S. Elliott, Chas. Flink, Eugene Mogabgab, Henry Carver. These ladies met Wednesday afternoon to complete plans and receive instructions for their first project which will be soliciting information to determine if there is need of a nursery school in Bay St. Louis. Any mother interested in sending her child is asked to fill out a questionnaire. These may be obtained from any of the zone leaders or the Civilian Defense Office.

A class in home nursing will begin next Monday afternoon with Mrs. Violet Moore as instructor. Anyone interested in taking this course please meet her at 2 P. M. in Mrs. Briggs' cottage, 610 North Beach.

Mrs. Edward Anderson has been appointed Women's Chairman of Hancock County for the War Bond Program. The month of November has been designated as "Women At War Month" and the week of November 22-28th as "Women at War Week." Mrs. Anderson attended a meeting in Gulfport Wednesday to hear Mrs. Nancy C. Robinson, Regional Advisor of the Southern District and Mrs. George Wallace of Jackson outline plans for this drive.

Civilian Defense Volunteers throughout the county will assist in the gas rationing to take place on November 18, 19 and 20th.

Applications will be received at the following places:  
Bay St. Louis—Central School  
Waveland—Town Hall  
Clermont Harbor—School House  
Kila—School House  
Logtown—Office of H. Weston Lumber Co.  
Aaron Academy—School House  
Sellers—School House.

## On the Seven Seas

For 45 years General Electric has developed and built electric equipment for warships. Here are a few of the ways in which electricity serves the Navy.

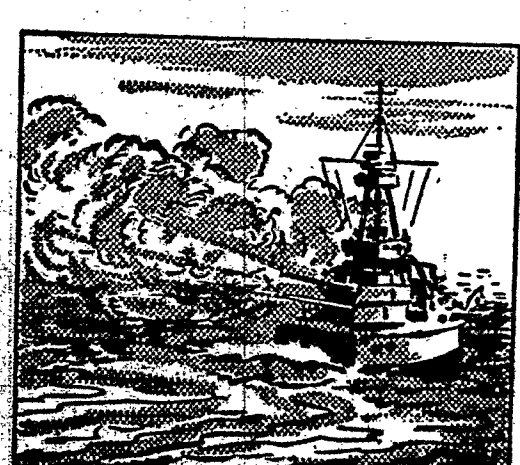

1. Just one battleship may have electric generators to produce as much as 180,000 kilowatts. This power would supply the needs of a city of 875,000.

2. Searchlights produce millions of candlepower of light to aid in detecting enemy ships and planes, and to guide Navy gunners to their targets.

3. More than 30 different operations are performed in bringing a naval gun to bear on its target. Electricity helps to co-ordinate these operations.

4. When a battleship goes into action, electricity helps direct the ship, operate the guns, and give the orders. G.E. is building equipment to do these jobs.

General Electric believes that its first duty as a good citizen is to be a good soldier.

## Hunters Asked To Save Feathers, Salvage Fats

Shells from the rifles of American Hunters are going to explode right in the faces of the "Japanazis"—if their aim has been accurate. Conservation departments throughout the United States have asked hunters and trappers to salvage fats, normally wasted, and turn them in to the salvage depots to be converted into glycerine, which in turn will be converted into explosives for our armed forces.

Greases obtained from pelt scrapings will provide many additional tons of fat which not only will help to insure a shorter war but a longer hunting season as well.

In the State of New York alone the current deer season is expected to provide 70,000 tons of fat. The Maine Development Commission believes, however, that the Pine Tree State should provide better material for explosives because there are more bear to be had and bear fat should prove more potent than any other variety.

## Save Feathers, Too

Hunters aren't limiting their bag to fats, but are complying with the suggestion made by Ducks Unlimited, the national organization which promotes the preservation of waterfowl, to save the feathers of the birds they kill. These feathers may be used in the manufacture of cold-resistant garments for aviators and other servicemen on duty in cold climates.

Down and feathers, less than two and a half inches long, picked dry, are needed to replace imports of down now shut off by the war. It is estimated the seasonal bag of waterfowl would provide down and feathers for 300,000 aviators' pants and parkas, more than 150,000 sleeping bags and 500,000 sub-zero jackets.

## Budgets Reduced

Duck hunting is over in the Northern and Intermediate zones, but still has two weeks to go in the Southern zone. If you have any ducks, the feathers should be shipped to Ducks Unlimited, 83 Columbia street, Seattle Washington. Packages should be marked with the words, "waterfowl feathers."

Conservation of wild life during the war offers a considerable problem because fewer people are hunting due to war jobs and service with the armed forces. This cuts down considerably the number of hunting and fishing licenses issued, which in turn, reduces the budgets of conservation commissions. If sufficient funds are not forthcoming, the propagation of our wild life may take a considerable setback. In order to maintain hatcheries and breeding farms, sportsmen are being urged to take out licenses for their friends who enjoy hunting and fishing so that the sport may be continued when peace returns.

## Over Ten Millions

At the close of business on the last day of October there was in the state treasury to the credit of the general fund of the state more than \$10,300,000 with all current bills paid. For the first ten months of 1942 tax collections in the state exceeded collections for the entire year of 1941 by \$2,246,864. The amount collected in ten months of 1942 is \$20,594,238 and for the entire year of 1941 was \$18,347,373. Collections for the month of October 1942 exceeded collections in the same month of 1941 by \$302,947. The sales tax in the month of October brought in \$1,170,475 which is \$263,586 more than the same month in 1941.

## Oil Wells Increase

A check up shows that Mississippi now has 350 oil wells, producing approximately 2,500,000 barrels of oil per month. The new well in Clarke County is producing through the pump around a hundred barrels a day. A new well has been completed in the Tinsley field. Several other counties have wild-drilling under way, within their borders, and results are being awaited with much interest.

## Millions of Pounds

Chairman Leland Speed in charge of the Salvage campaign reported last week that scrap rubber and metal collections in Mississippi, from May 11 to October 31st, reached a total of 69,338, 825 pounds of metal and 2,601,625 pounds of rubber. The largest collection was in Jackson with 12,299,974 pounds of metal and 523,933 pounds of rubber. The second largest collection was at Tupelo and the third largest at McComb, each of these towns collecting well above ten million pounds.

## Holton to Washington

J. C. Holton, a former member of the Legislature, and who served three terms as agricultural Commissioner, has been appointed to a position in the Department of Agriculture in Washington. He will be connected with the marketing service of the livestock branch.

## Navy's Recruits

The Navy's Recruiting station in Jackson reported 899 volunteer enlistments in the month of October. This is the highest number of enlistments in any one month since the station was opened in Jackson. During the month of November all American Legion posts in the state will act as recruiting stations for the navy, co-operating with the main station in Jackson.

## Governor Returned

Gov. Paul B. Johnson has returned from Nashville where he spent a part of last week attending a conference of Southern Governors. Matters of importance to the southern states represented were studied and considered.

## Partial Returns

Partial returns indicate that both amendments to the State Constitution voted on in the general election last week were carried. They will be inserted in the constitution at the next session of the legislature January 1944. One pertained to Sixteenth Section School land and the other to the board of trustees of the University and Colleges.

## THERE ARE NO RESTRICTIONS NO PRIORITIES— ON PLANNING

The striving of today is really after all in order that we may plan—may build in our minds the thing we'd like to do—then be free to seek it out and make our dreams come true.

Thousands of homes costing less than \$6,000 now enjoy the convenience, economy and cleanliness of complete electrical kitchens.

Planning may yet come to be America's chief war time relaxation. As we glory that we live in and fight for a land in which the individual can plan, why not plan the best? The comfort and joy of an electric kitchen should top the list of tomorrow's wants that today's sacrifices will make real.

## Annual Session

The Mississippi Federation of Women's clubs concluded the 44th annual session of the organization in Jackson last week. Officers for the ensuing year were elected as follows: President, Mrs. B. M. Howorth, of West Point; Secretary, Mrs. E. C. Fishel, of Hattiesburg; Custodian, Mrs. Edgar Stephens of New Albany. Other minor district officers were elected. The meeting was presided over by Mrs. H. H. Ellis, of Meridian, retiring president.

## Raking Around

No more molasses to be used in making feed, vinegar, etc., must be used for making alcohol. The Tennessee Belle, famous boat on the Mississippi between Greenville and New Orleans, was destroyed by the last week while tied up at Natchez. Secretary of State, Dwight H. Brown of Missouri, says the oldest living tree in the Mississippi Valley, so far as expert knowledge goes, is a cedar in Jefferson County, Missouri, which experts from the University of Chicago say is 649 years old. The tree was 199 years old when Columbus discovered America; Editor Meriwether of the Charleston Sun is spending some time in Hot Springs, taking the baths for his health. B. C. Adams of Grenada has been elected president of the Grenada Bank to succeed the late J. T. Thomas. J. W. Griffin was the bank's first president, succeeded in 1906 by T. Thomas who served until his death. Mr. Adams becomes the third president of the bank, the two preceding him having served 53 years. President Roosevelt when he cast his vote at Hyde Park last Tuesday, gave his occupation as "farmer." Trains entering Jackson between November 17th and December 4th will carry without freight charge anything sent to the Baptist Orphanage, Methodist Orphanage, Old Ladies Home, Old Men's Home, and Children's Home Society, all located in Jackson.

As the name implies, "Iceland" has its locale in America's newest outpost, with all scenes laid in Reykjavik, the capital of Iceland. The story involves U. S. Marine John Payne and dimpled Sonja Henie. Payne uses his "line" to bait Sonja, but winds up being baited himself into saying "I do." The convivance of his own military pal, Jack Oakie, adds to the sidesplitting comedy. And for comedy, 20th Century-Fox seems to have monopolized the Hollywood mart, utilizing Oakie, Sterling Holloway, Fritz Feld and Felix Bressart, four of the most engaging comedians in the business.

"Iceland" is both timely and entertaining, for it pays tribute to our northern neighbors in a most unusual way. One will leave the theater with the impression that our boys are in excellent hands in the far North, and, vice versa, the Icelanders, too, are in the safe hands of the U. S. Marines.

"Iceland" was produced from an original screen play by Robert Ellis and Helen Logan.

## Opera House in The Americas

"Education is a bank that never fails" and the lecture which Mrs. Louis Pate gave on Thursday, November 4 was certainly a rich deposit in that bank for those who were fortunate enough to hear it.

The vivid descriptions of the art, richness, warmth and mellowness of the different opera houses spoken of in the lecture combined with the various personally and quaintly connected anecdotes held an appreciative audience to the very end.

The program, was sponsored by the St. Joseph Academy Mothers' club and was made doubly interesting by the musical numbers. Preceding the lecture Mrs. Pate and Miss Martha Kidis rendered a brilliant four-hand rendition of the Hungarian Rhapsody No. 2 by Liszt. Miss Kidis was highly complimented on her performance as she is a young student of St. Joseph Academy and this was her formal debut in public.

At the close of the lecture Mrs. Pate played "The Balero" from her own suite "The Gypsy" and "The Bangs" by Godchaux, both by request.

Those who failed to hear the entertainment and instructive lecture on "Opera Houses of the Americas" are the losers.

## IF THROAT IS SORE

IF A COLD has given you a miserable sore throat, here's how to relieve the suffering:  
DO THIS NOW—Melt a small lump of VapoRub on your tongue and feel the comforting medication slowly trickle down your throat—bathing the irritated membranes—bringing blessed relief where you want it when you want it.  
DO THIS TOMORROW—Rub throat, chest with VapoRub. Its long continued poultice-and-vapor action loosens phlegm, relieves irritation, eases coughing, invites restful sleep.

PRIMARYLY Mississippi is rural. In the terms of her predominating farm population she is the most agricultural state in the Union. Because of this, it was fitting that Claude R. Wickard, United States Secretary of Agriculture, should have launched America's Thanksgiving and FOOD FOR FREEDOM program in a Mississippi village in October.

Food is as essential to victory as ships, tanks, planes, and guns, and those who plow, sow and reap are as vital to victory as those who labor in a munitions plant.

As we glorify men on assembly lines, have we not overlooked the task that the teeming millions of men, women and children perform, who till our fields and toil on farms? Are we not as much the granary as we are the arsenal of democracy?

We have much to be thankful for in an abundant harvest, and in the patriotism and productivity of Mississippians who contribute so much to the nation's colossal effort to feed and clothe the men who fight for freedom.

**WITH THE FISHERMEN AND OTHER SPORTS**

By KANCHU KETCHEM

PERFECT weather, ideal water and fish biting good is the report for this week.

Speckles have been striking unusually well and large numbers have been caught both by trolling and with dead bait.

C. B. Penrose of Waveland had a catch of beautiful speckles last Friday up Jordan River.

Seymour, Necaise and Charles Phillips caught 15 white trout and 5 croakers down Bayou LaCroix Saturday.

Bill Kirknor and Bob Jones report catching 35 speckles Tuesday in Jordan River and Bayou LaCroix.

Mr. Uduff, wife and daughter of Gulfport caught a nice bunch of speckles this week.

J. O'Neill and wife caught a 2 lb. red fin and speckles averaging about 1 1/2 lbs. trolling in Bayou LaCroix.

Mr. and Mrs. C. F. Sauer of Waveland caught 20 speckles Monday while trolling.

C. K. Herlihy has launched his new boat and expects to continue catching large speckles, trolling.

Buddy Dufour has been getting his share of speckles.

Julian Perre, commercial fisherman reports catching a large amount of Roe Mulletts Monday of this week. He says it was the largest amount of mulletts he has seen in a long time. Some of them were 20 inches in length with eggs as large as 1 1/2 pounds.

Some Fish Story  
There are fish stories—and more fish stories—but this one tops the list just now.

Dr. A. P. Smith local physician who lives on South Beach was awakened Monday morning about 3 A. M. by an unusual sound coming from the waters in front of his home. He thought that perhaps the Japs were making an invasion landing.

The noise became louder and louder so he phoned the local police office and upon investigation found that the noise came from an unusual school of roe mullets swimming along the beach. Dr. Smith says the sight of the silver-like mullets jumping in the water was a sight to behold.

Roe mullets for those who don't know make an excellent fish dish when properly prepared. The eggs are a rare delicacy. The Doctor is an expert fly fisherman but states that he did not know how to cope with the mullets. He wonders if they would take the fly?

Commercial fishermen, however, got their share of the mullets.

James L. Crump who owns a beautiful home on Jordan river reports catching some real speckles up the river.

C. J. Gordon of New Orleans and Alden Mauffray had a great time trilling Sunday for speckles and what not. Alden says they were all large ones.

A CORRECTION  
The limit on ducks under the new regulations of the Game and Fish Commission for 1942-43 is ten (10) daily and 10 in possession, instead of 12 as reported in this column last week. Hunters please take notice of this correction.

Laurent and Ogden Kergosien while trolling up Jordan River report catching 19 speckles last Friday afternoon.

Jimmy Vairin of New Orleans and Teddy Stechmann caught a large amount of speckles last Sunday up Jordan River.

JODIE E. Lott, who recently enlisted in the U. S. Navy, left last week for Providence, Rhode Island, where he is now on duty. Mr. Lott has a rating of Chief Petty Officer.

Miss Carol Wagner of Orange, Texas, visited in home of Mr. and Mrs. Lamar Otis during the earlier part of this week.

Mr. and Mrs. Sam Whitfield and son, Bill, spent last week end in the home of Mr. and Mrs. W. T. Harkey in New Orleans.

On Thursday Mrs. Herbert Rody went to Hazlehurst for a few days' visit with Mr. Rody's family. From there she will go to Montgomery to join her husband, who is on duty with the Air Corps.

Mrs. Emma Baxter has returned from Moss Point, where for several weeks she visited in the home of her sons, John and Alton Baxter.

Mr. and Mrs. Lamar Otis and son, Henry, and daughter, Minnie, spent Sunday in Hattiesburg, where they visited their younger daughter, Mildred, and several friends.

Mr. and Mrs. Clem W. Weston and four children of New Orleans were guests of Mr. and Mrs. D. R. Weston on Sunday.

The November meeting of the Women's Society of Christian Service was held on Monday afternoon, in the home of Mrs. Lamar Otis.

All passenger automobile owners in this vicinity are requested to make application for gasoline ration books in the downstairs office of the old Weston store building on Wednesday, Thursday and Friday, November 18, 19 and 20, between the hours of 9 A. M. and 5 P. M.

and Mrs. Blaise for the past week has really been enjoying himself fishing hereabouts. Mr. Dinkelstein loves fishing and never overlooks a chance to go. He has been getting some nice speckles lately.

There is no excuse for those who like trolling for speckles not to get their share at this particular time. They are plentiful and striking just any old "plug" thrown their way.

She has also visited the Hidden River Cave where the 26 mile underground river seems to have no end and no beginning. No one has ever discovered from whence the water comes or where it goes. Mr. Thomas is with the American Telephone Company at Bowling Green.

## Personal and General

## INTERESTING WEDDING CELEBRATED SUNDAY

A pretty and interesting wedding celebrated last Sunday at noon at Our Lady of the Gulf Church was that of Melissa Agnes Carver, daughter of Mr. and Mrs. Henry Carver, and Richard Henry Norvell, son of Mr. and Mrs. Thomas Norvell, with the Very Rev. Father A. J. Gmelch, pastor, officiating at the nuptial mass.

The bride entered on the arm of her father and looked lovely in a powder blue wool dress with short coat trimmed in fur with which she wore navy blue accessories and a corsage of carnations. In her hands, she carried a mother of pearl prayer book and silver rosary.

Mrs. Ennis Johnson, her sister, was matron of honor and was becomingly attired in a red dress with black accessories with which she wore a shoulder corsage of pink carnations. Mr. Norvell had as his best man his brother, Roy J. Norvell of New Orleans, and Mr. Herbert Carver acted as usher.

The bridal party entered to the strains of Lohengrin's wedding march and sacred music was rendered by Mrs. Marie Weber at the organ and Miss Louise Armstrong as violinist. Mrs. John J. Ryan sang Schubert's Ave Maria and Mrs. Edouard Carver sang several songs in a sweet voice.

After the marriage, the bridal party returned to the home of the bride's parents where the wedding cake was cut and a reception held for members of the two families.

Mr. and Mrs. Norvell left immediately after on a honeymoon trip to Florida and upon their return will reside at 3518 North Claiborne avenue in New Orleans.

## ISSUES INVITATIONS TO MARRIAGE OF DAUGHTER

The wedding will be celebrated at five P. M., on Saturday, November 21 at Christ Episcopal Church, Bay St. Louis.

Miss Hosmer is a graduate of the University of Mississippi and held the position of instructor of languages in Bay High School for two years.

Mr. de Montluzin is a graduate of Loyola School of Pharmacy and is with the United States Coast Guards at New London, Conn.

He is the grandson of the late L. A. de Montluzin, a native of France who founded the de Montluzin Drug Company.

## ENTERTAIN AT DINNER

A group of close friends met at the home of Mr. and Mrs. Alden Mauffray on Citizen street on Saturday evening when Mr. and Mrs. Mauffray entertained at dinner for Mr. John Scaffie who has enlisted in the U. S. Navy and will leave soon for Norfolk, Virginia.

The guest list included, besides Mr. and Mrs. John Scaffie, Mr. and Mrs. Curry Garner, Mr. and Mrs. Arthur A. Scaffie, Miss Mary di Benedetto, Mr. C. J. Gordon, Sgt. and Mrs. C. E. Davis of Biloxi, and the host and hostess, Mr. and Mrs. Mauffray.

## ENTERTAINED AT TEA

Mrs. Gabriel Scott Findley, wife of the Senior Engineering Officer at the War Administration Cadet Training Base, entertained at tea on Tuesday afternoon at the home of Mrs. Carl Marshall on North Beach Boulevard in honor of Mrs. A. Champeau, and with her guest list including the wives of the officers stationed at the Training Base.

The Marshall home was lovely throughout with a profusion of Fall flowers, and at a beautifully appointed table with a centerpiece of red Radiance roses, Mrs. Carl Marshall poured tea.

The decorations were carried out in red and white with red tapers in candlesticks on the buffet and server.

The honor guest, Mrs. Champeau, was presented with a lovely gift, and the guest list was as follows: Mrs. Stephen Jennings, Mrs. A. Scanlon, Mrs. A. W. Bragg, Mrs. Peter Stout, Mrs. A. Thompson, Mrs. Hugh Andrews, all of whom reside in Bay St. Louis, Mrs. Marshall and Mrs. J. Kearney, Mrs. A. Klotzburger, and Mrs. J. H. Johnson, the latter three residing in Pass Christian.

## CARD GAME AT HOTEL REED

LAST THURSDAY IS SUCCESS

On last Thursday afternoon, a card party was held at Hotel Reed which brought out a number of players. The party was sponsored by St. Joseph Academy Parents Club with Mrs. Roger Boh, as chairman, and was given in the sun parlor of the hotel which was attractively decorated. Prizes for each table were pinafors which were beautifully made and each lucky contestant was thrilled over her prize.

A nice sum was realized from the party and Mrs. Boh wishes to express her thanks to everyone who contributed or assisted in any way towards the success of the party.

—Miss Carolyn Marshall and her house-guest, Miss Leontine Clark of New Orleans, were guests at the cocktail party given on last Saturday afternoon by Dr. and Mrs. D. G. Rafferty at their home in Pass Christian.

## Monthly Proceedings Board of Supervisors

Thursday morning, September 15th 1942, at 9:00 o'clock A. M., the Board met pursuant to adjournment. There were present as on yesterday.

There came on for consideration by the Board of Supervisors of Hancock County, Mississippi, the matter of issuing bonds of the Kiln Consolidated School District of said county, under the provisions of House Bill No. 692 of the Laws of Mississippi enacted at the 1942 session of the Legislature, for the purpose of providing funds for the payment of legal, valid and undisputed obligations of said school district which were outstanding obligations of said school district on March 21, 1942 and remain unpaid; and the Board having considered said matter, finds that it is necessary to issue bonds of said school district under the authority of the Laws of Mississippi, particularly said House Bill No. 692, in the sum of \$6500.00, for the purpose of paying said obligations and that it is necessary that attorneys be employed to prepare the necessary resolutions and orders; it is, therefore on motion made, seconded and unanimously carried.

Ordered by the Board of Supervisors of Hancock County, Mississippi, that Gex and Gex, Attorneys at Law, be and they are hereby employed to prepare all necessary orders and resolutions for the issuance of said bonds and that said attorneys be paid a sum equal to one per cent (1 percent) of the amount of said bonds so issued for their services.

The Board took up for consideration the matter of issuing notes, bonds or certificates of indebtedness for and on behalf of the Kiln Consolidated School District of Hancock County, Mississippi, in the amount of \$6500.00 pursuant to the petition of the Board of Trustees of said school district filed with this Board; for the purpose of providing funds for the payment of valid and undisputed obligations of said school district which were outstanding on March 21, 1942 and remain unpaid; whereupon Supervisor Shaw offered and moved the adoption of the following resolution:

A Resolution authorizing and directing the issuance of Bonds of the Kiln Consolidated School District of Hancock County, Mississippi, in the amount of \$6500.00, for the purpose of providing funds for the payment of valid and undisputed obligations of said school district which were outstanding on March 21, 1942 and remain unpaid; Prescribing the form of said Bonds and interest coupons to be attached thereto, and directing that the preparation, execution, registration, validation and issuance of said Bonds for the levy of an annual tax sufficient to pay the interest on said bonds as it accrues and the principal thereof as it matures.

Whereas, there has been filed with this, the Board of Supervisors of Hancock County, Mississippi, a petition signed by all of the members of the Board of Trustees of the Kiln Consolidated School District of Hancock County, Mississippi, petitioning said Board of Supervisors to issue bonds of said school district for the purpose of providing funds for the payment of valid and undisputed obligations of said school district which were outstanding on March 21, 1942, and which remain unpaid; the said petition and the signature attached thereto being as follows:

STATE OF MISSISSIPPI  
HANCOCK COUNTY  
To The Honorable Board of Supervisors

We, the undersigned, the duly constituted, qualified and acting members of the Board of Trustees of the Kiln Consolidated School District of Hancock County, Mississippi, and constituting all of the members of said Board of Trustees, in pursuance of the provisions of House Bill No. 692 of the Laws of Mississippi, 1942 session, do hereby respectfully petition your body to issue the interest bearing negotiable notes, bonds, or certificates of indebtedness of said school district for the purpose of providing funds for the payment of valid and undisputed obligations of said school district amounting to \$6893.56, as itemized and listed on Exhibit "A" hereto which is made a part of this petition and which are being undisputed obligations of said school district which were outstanding obligations of said school district on March 21, 1942, and remain unpaid.

Your petitions respectfully show unto your Honorable Body that the school funds made available for said school district for the fiscal year ending June 30, 1942 amounted to \$2760.14, of which there now remains on hand the sum of \$313.70, and that there are not sufficient funds on hand
